

TABLE OF CONTENTS

Introduction.....	3
Categories of Rainwater Harvesting.....	3
Active.....	3
Passive.....	4
Integrated.....	4
Collection Surfaces.....	5
Rooftops.....	5
Impervious Surfaces.....	5
Pervious Surfaces.....	5
Conveyance Systems.....	5
Gutters and Pipes.....	5
French Drains and Sumps.....	6
EPIC System and Gravity.....	7
Storage Facilities.....	7
Above Ground Tanks.....	7
Underground Tanks.....	8
Native and Manufactured Soil.....	8
Ponds and Basins.....	8
Wells and Aquifers.....	8
Distribution Systems.....	9
Hand Watering.....	9
Gravity and Soaker Hoses.....	9
Pumps and Pipes.....	9
Uses for Rainwater.....	10
Irrigation and Other Outside Uses.....	10
Secondary Indoor Uses.....	10
Potable Uses.....	11
Holistic Approach.....	11
RWH System Design Fundamentals.....	12
The Water Budget.....	12
Yield Calculations.....	12
Sizing the Storage Facility.....	14
Matching the Pump to the Demand.....	14
Installing Water Treatment.....	14
Understanding Water Analysis.....	14
RWH System Installation.....	14
Locating the Tank.....	15
Conveying the Rain to the Tank.....	15
Delivering Rain to the End Use.....	16
Drinking.....	17
Indoor Secondary Use.....	18
Outdoor Use.....	18
Recycling Greywater.....	18
Fully Integrated Systems.....	18
References and Links.....	19
